

## KONGU ARTS AND SCIENCE COLLEGE

(AUTONOMOUS)

### DEPARTMENT OF BIOTECHNOLOGY

#### **Hands on Training in Clinical Microbiology – 09, March 2021.**

Department of Biotechnology organized a **Hands on Training in “Clinical Microbiology”** on **09.03.2021**. **Ms.N.Kanchana, Sudha Micro Lab, Sudha Institute of Medical Sciences, Erode** served as a Resource Person.

The main objective of the training is to enrich the handling skills among students in Microbiological Techniques. The beneficiaries were II UG Biotechnology Students. Basic screening test and identification of microorganisms from clinical samples using differential media, staining & biochemical test were taught. The students were also trained to handle microorganisms required for their lab work. Certificates were provided to the participants.
