DEPARTMENT OF COMPUTER TECHNOLOGY AND INFORMATION TECHNOLOGY

Workshop on PHP Programming

The department of Computer Technology and Information Technology conducted a workshop on for PHP Programming Second year B.Sc. (Computer Technology) students by Mr.T.Matheiyarshan, Mobile App Developer, Accent Technosoft, Coimbatore on 18.03.2021 through online mode. The aim was to provide hands on practice to the students on the aspects of development for any project. This workshop targets those students who are not at all familiar with developing websites and also benefits those who are sound in coding to have one new technology in their belts. PHP is one of the most widely used programming languages across the tech-world. It is fast, free, and open-source. Additionally, it has an extensive community base that supports and encourages effective and continual learning for new and seasoned PHP developers. Besides, the fact that nearly eighty percent of the top websites in the world are PHP-based further contributes to the popularity of this programming language. Totally 50 students from Second year Computer Technology participated in the workshop.
