DEPARTMENT OF COMPUTER TECHNOLOGY AND INFORMATION TECHNOLOGY

Workshop on Linux Programming

The department of Computer Technology and Information Technology conducted a workshop on for Linux Programming Second year B.Sc. (Information Technology) students by Mr. K.J.Bagavathy, System Engineer, Accent Technosoft, Coimbatore on 19.03.2021 through online mode. The Linux OS in its entirety is much more stable and reliable than most other OS available in the market. It doesn't get slow over time. It doesn't crash. It doesn't face most of those issues that other popular consumer-oriented Operating Systems. The aim was to Students will have access to their own dedicated Linux system on which to learn and explore. Key topics covered include using the command line, Linux tools, configuring your environment, automation, system utilities, file system layout, intro shell programming. Totally 50 students from Second year Information Technology participated in the workshop.
