

KONGU ARTS AND SCIENCE COLLEGE

(AUTONOMOUS)

DEPARTMENT OF BIOTECHNOLOGY

National level Virtual Seminar on Nanotechnology and its Applications –

20, March 2021.

Department of Biotechnology, Biochemistry and Physics (DBT STAR Departments) organized a National level Virtual Seminar on Nanotechnology and its Applications on 20.03.2021.

Resource Persons:

1. Prof. R. Ramaraj, FNA., FASc., FNASc.,

Professor of Eminence and DAE Raja Ramanna Fellow (Professor and Head (Retd.)

Dept. of Physical Chemistry) School of Chemistry, Madurai Kamaraj University, Madurai

2. Dr. V. Subramanian, FASc., FNASc.,

Chief Scientist and Head Centre for High Computing CSIR - Central Leather Research Institute, Adayar, Chennai

3. Dr. V. Veena,

Assistant Professor,

Department of Biotechnology, Rava University, Bangalore

Beneficiaries: Faculties and Students from Various Institutions.

Participants were able to understand that Nanotechnology can solve major health problems, increase the efficiency of energy consumption and aid in cleaning the environment. Researchers were motivated to explore further in the current trending research areas in the Nanotechnology field. E Certificates were provided to the participants.
