DEPARTMENT OF BIOCHEMISTRY

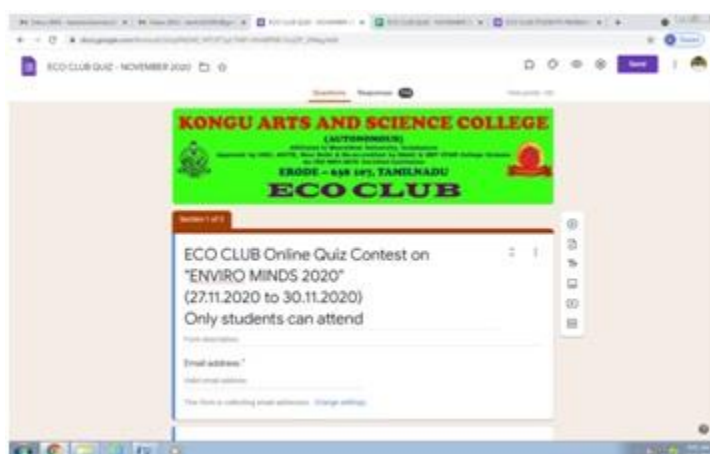

Skill development programme for Tribal people was conducted on 22.03.2021 at Donbosco school, Kadambur to elevate the tribals from the state of ignorance illiteracy and poverty. The objective of the programme was to create educational awareness among the tribals. Education is an input not only for economic development of tribes but also for inner strength of the tribal communities which help them in meeting the new challenge of life.

DEPARTMENT OF BIOTECHNOLOGY

AWARENESS ON COVID 19 VACCINATION- NANJANAPURAM PUBLIC

Department of Biotechnology organized a Outreach Activity- Awareness on COVID 19 Vaccination on 24.03.2021 sponsored by DBT STAR COLLEGE SCHEME.

The main objective was to create awareness to public on the hazardous nature of COVID 19 (Corona Virus). The mechanism of viral spread, the symptoms and ill effects was also clearly explained to the public. Public was made to know about the importance of COVID 19 Vaccination. It was also illustrated about the role of vaccine to control the spread of virus and to break the chain to overcome the pandemic.

DEPARTMENT OF BIOTECHNOLOGY

HANDS ON TRAINING ON MUSHROOM CULTIVATION

Department of Biotechnology organized an Outreach Activity for Physically challenged students of Kongu Arima, Erode sponsored by DBT STAR COLLEGE SCHEME on 27.03.2021.

The main objective was to empower the students in their entrepreneurship skills on Mushroom Cultivation. Mushroom cultivation is considered to be small scale cottage industry that provides opportunities in wide spectrum. To help the physically challenged students to earn their own living the program was successfully conducted and elaborated about the methods adopted in Mushroom Cultivation.

Outcome: After gaining good theoretical and practical knowledge by Mushroom Cultivation training programme, students gained confidence in their entrepreneurial skills.
