### ONLINE QUIZ

The Department of Computer Technology and Information Technology conducted an Online Quiz for the B.Sc. (Computer Technology) and B.Sc. (Information Technology) students on 09.06.2022 to 11.06.2022 in their courses. The quizzes help the students to learn with practice as they allow them to think the information previously learned and remember them while quizzing. It motivates the learners to stay focused and keep moving forward. By doing a quiz, a learner has to think, dig deep and ultimately become an active participant. The quiz was conducted through google forms. The form link was sent to the students as per the schedule.

### WEBSITE CREATION

The Website Creation competition was conducted for B.Sc.(Computer Technology) & B.Sc.(Information Technology) students on 21.10.2021 by Dr.R.Rooba and Dr.P.Kalarani, Assistant Professors, Department of Computer Technology and Information Technology. The aim of the website creation competition is to motivate students to spend time in a meaningful activity and to be a creator of the digital world instead of a consumer. It aims to unleash students' creativity and to actualize their imagination. It encompasses many different skills and disciplines in the production and planning of websites, online interactive applications and cloud based software. The web design as a super discipline includes web graphic design, interface design, authoring and creative writing, software engineering and coding, user experience design and search engine optimization.
