

7.1.5. GREEN CAMPUS INITIATIVES

The following details and the geotagged photographs are the Green initiatives taken by our Institution.

| S.No | Items | Geotagged Photos |
|------|---------------------------------|--|
| 1 | Restricted Entry of Automobiles | Restricted Entry |
| 2 | Battery Operated Vehicle | Battery Operated Vehicle for communication beyond the Restricted Entry |
| 3 | Pedestrian friendly Pathways | Amenities available on pedestrian friendly campus |
| 4 | Ban on use of Plastic | Initiatives taken |
| 5 | Landscape with Trees and Plants | Greenery within the Campus |

1. Restricted Entry of Automobiles

The entry point of the campus is strictly monitored by the security staff. The entry and exit of the visitors are recorded in the entry register and kept by the security staff. In the college premises students should wear identity cards. The Security officer has the right to check the identity cards of the students and deny the entry if they failed to show.

A separate parking area is allotted for students and staff for both 2 and 4-wheeler; it should be parked in the prescribed area only. The college buses have separate designated parking area.

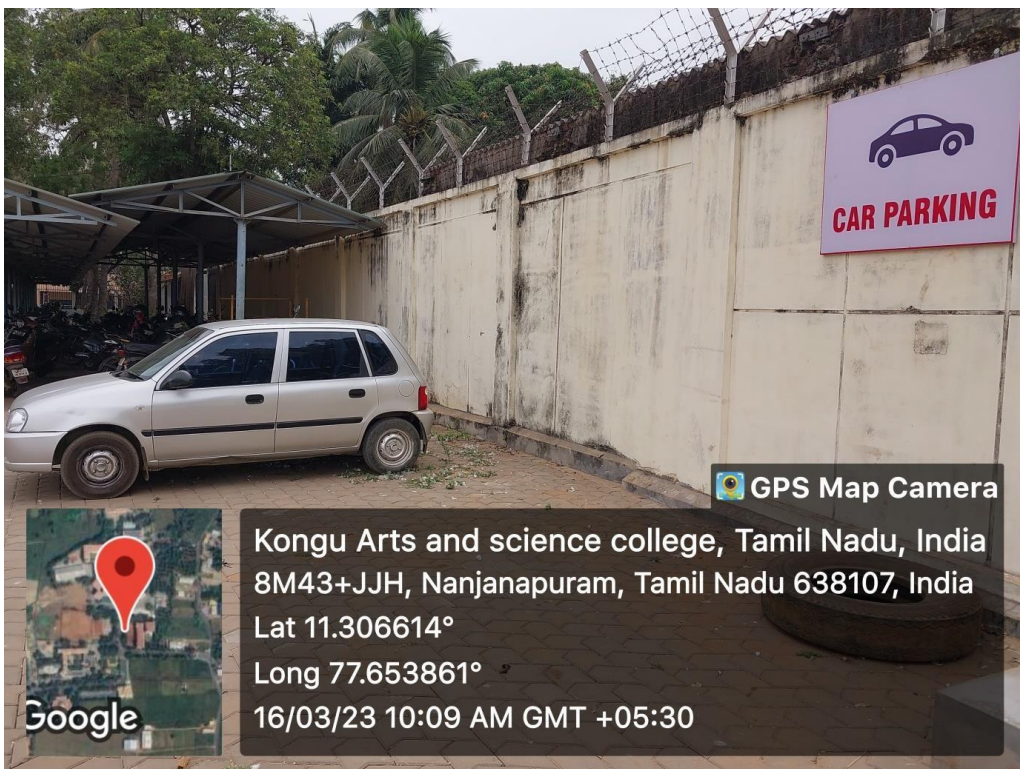

Separate entry and exit gates controlled by the security staff at the Main gate

Separate parking area for the college Students

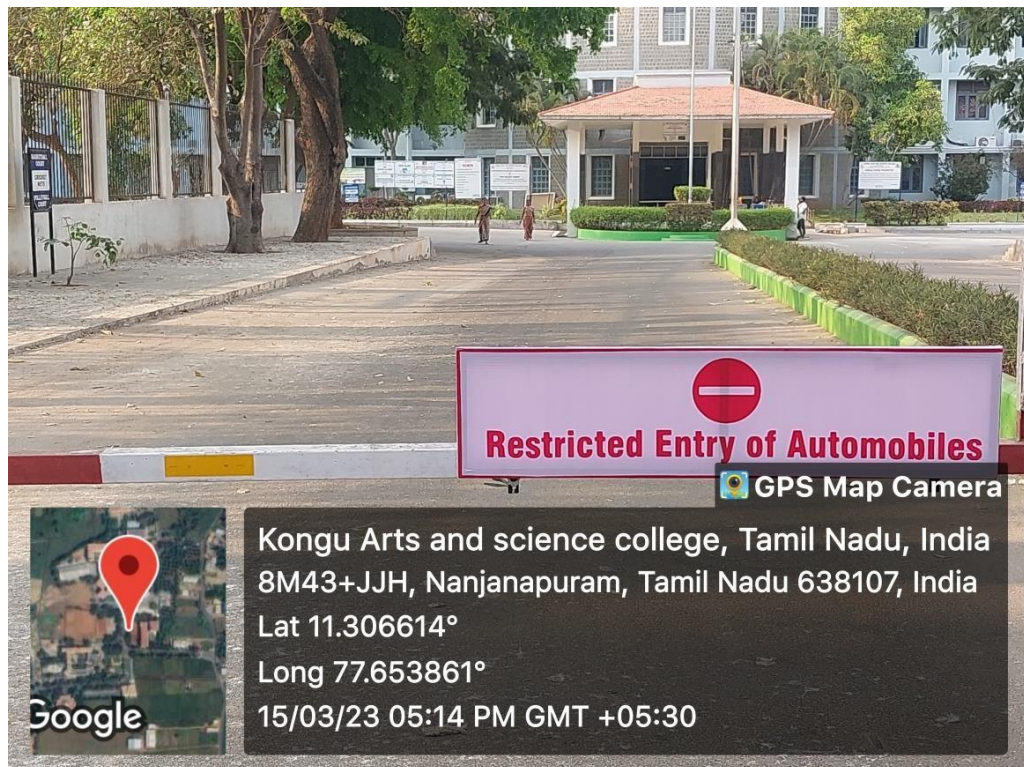

Separate parking area for the college staff members

Separate parking area for four wheelers

Separate parking for the college buses within the campus.

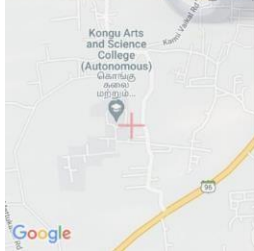

Vehicles are not allowed beyond this limit

2. Eco friendly Vehicles

Beyond the restricted area, we are using bicycles and Battery Operated Vehicles for eco-friendly transportation. Few students travel by bicycles, riding a bicycle improves the mental health and wellbeing.

Promoting the use of bicycles inside the campus

3. Pedestrian Friendly Pathways

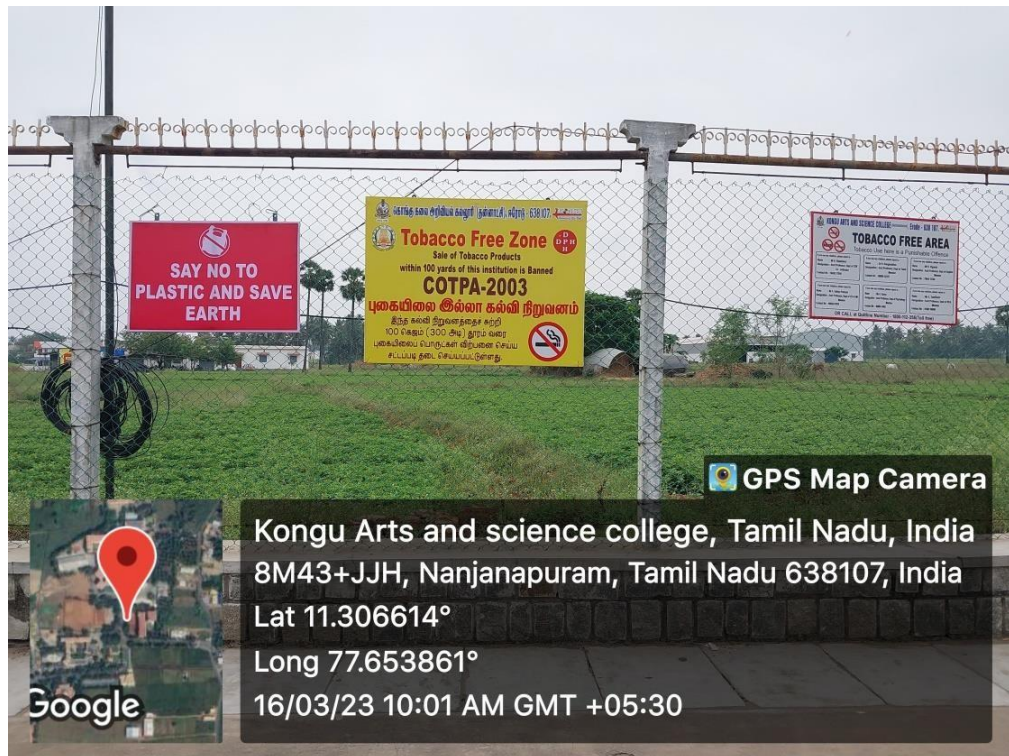

The institution provides pedestrian pathways for students and staff to easily navigate throughout the campus. The entire campus is connected with well laid roads with platforms on both the sides ensuring safety both for commuters and pedestrians.

Pedestrian pathways on the both sides of the campus

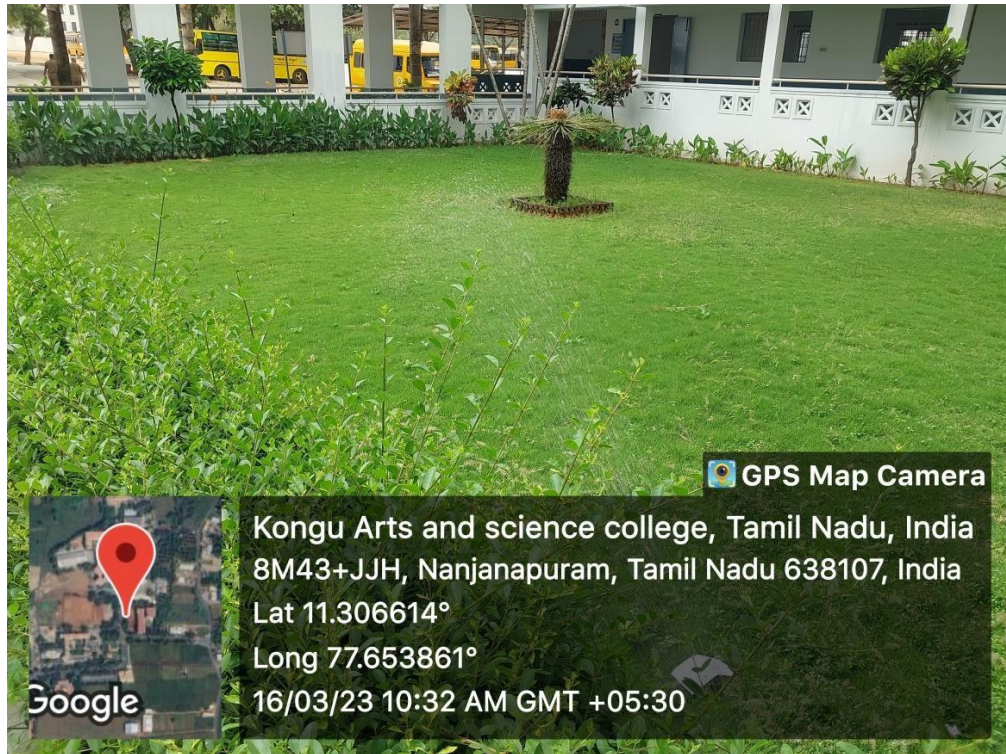

4. Ban on use of Plastic-Initiatives taken

The students are instructed to avoid plastics inside the campus. The college has also provided Degradable and Non- Degradable waste management bins at various locations to collect the wastes.

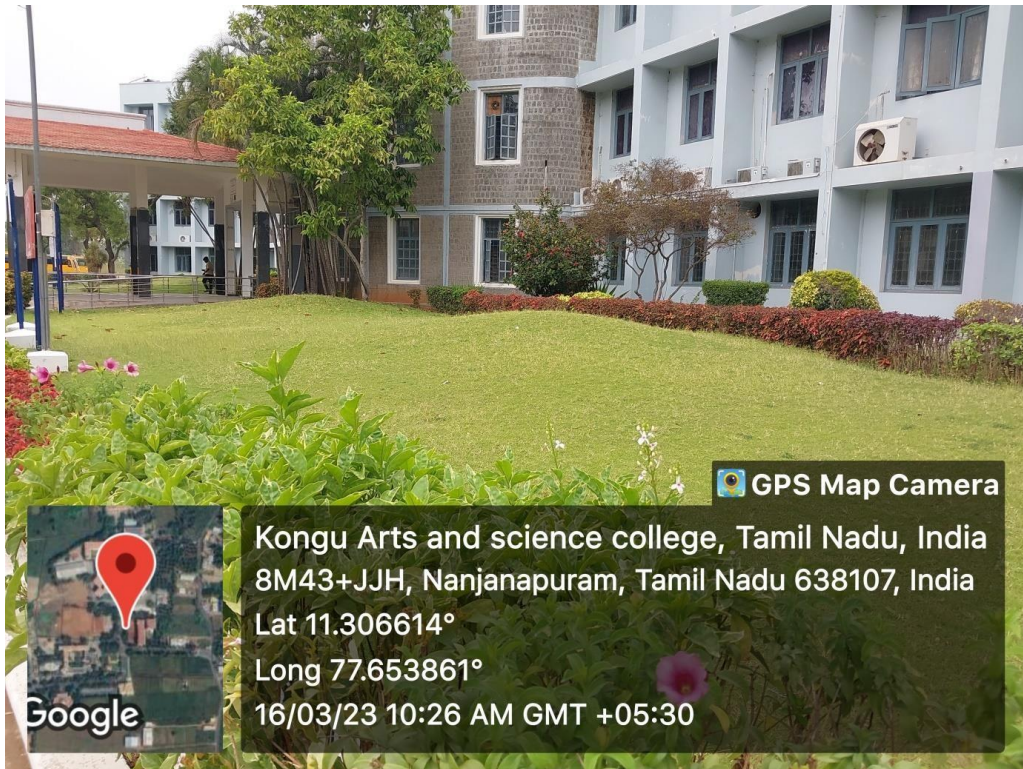

5. Landscape with Trees and Plants

Our institution provides a green, clean and eco- friendly environment to students. The natural environment helps to clean the air and the green trees provide a cool and calm atmosphere for students.

Stone Bench area under the trees

Barcoding of Trees inside the campus for its identification and uses

The barcoding of trees were made by Eco club of KASC. Barcodes encode the information into bars and alphanumeric characters, making it much faster and easier. This make the details of trees (Botanical classification, description and uses) to be easier.
