Exciting Cash Awards

Exclusively for KASC Students

World Environmental Educational Day is celebrated on 26-Jan-2022, a date dedicated to raise awareness about climate change and Sustainability. Its main goal is to identify environmental issues both globally and locally to raise awareness about the need for participation in order to conserve and protect the environment, mitigating the various levels of impact caused by Climate change.

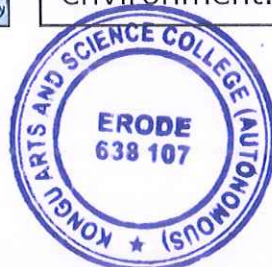

A Poster making contest was conducted on 26.01.2022 by Department of Biochemistry under DBT STAR COLLEGE SCHEME in association with ECO CLUB, KASC on the topic “We have One Earth, Lets Take Care of It” through Vitrual Mode. Over 75 students actively participated in the competition and the Prize winners were awarded with tha cash prize.

The Outcome of the program was to educate the students about the cause and effect of climate change and to realise the sustainable development to meet people’s current needs without disturbing the environment.
