for the academic year 2017 - 2018

EXTENSION ACTIVITY

PHYSICS for Everyone
And
Create Awareness on
Demand of Green Energy

Date : 08.01.2018
Venue : Government Boys
Higher Secondary School,
Modakuruchi

KONGU
Attaining the Best

An Extension Activity was arranged on 08.01.2018 for the school children of Government Boys Higher Secondary School, Modakuruchi. The extension activity focused awareness to the school children on electricity usage at home as well as in schools. Our Students instilled the school children on Energy conservation and created awareness among the school children through video presentations. For healthy and better life style of human society, the requirement of Green environment is instilled. Our students learnt the responsibility towards the society.
