Assuming The Best

An Extension Activity was arranged on 20.02.2019 for the school children of Government Higher Secondary School, Kumalankuttai. The extension activity focused to create awareness among the school children on electricity usage at homes and in schools. School students enthusiastically involved and assured the adoption of energy conservation practices. Our Students presented power point presentation on "Green World" to them. Also, our students gained leadership quality through this programme.
