Ascentz Technologies can give a valuable inputs to the INSTITUTION suitably customize the curriculum and in teaching/training methodology so that the students fit into the working scenario meaningfully. Another dimension to Ascentz Technologies, co-operation will relate to the effective utilization of the intellectual capabilities of the faculty of INSTITUTION for the benefit of the training centre. Through this interaction with the faculty team, Ascentz Technologies can provide significant inputs to them in developing suitable teaching/training, keeping in mind the needs of industries.

Scope of Co-operation:

- ❖ Both the INSTITUTION and Ascentz Technologies believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- ❖ The Training center and the INSTITUTION interaction will give an insight into the recent developments/requirements of the work culture. Hence the students can be molded to meet tomorrow's challenges.
- ❖ The INSTITUTION will help Ascentz Technologies by deputing the senior faculty who is having both industrial and teaching experience wherever required.
- ❖ The INSTITUTION will review the progress and suggest to the top management/Ascentz Technologies.
- ❖ Joint seminars could be arranged from field personalities to share their knowledge with the students.

The Memorandum:

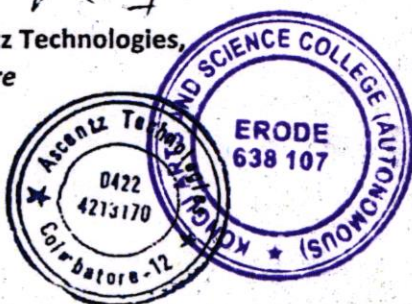

Accepting this premise and in recognition of the common desire for strengthening mutually beneficial co-operation, INSTITUTION and Ascentz Technologies do hereby agree:

- Conducting regular meetings by the senior faculty of the INSTITUTION and Ascentz Technologies with the students to develop the related quality systems for once in a while.
- Placement assistance and training of students can be extended by Ascentz Technologies on merit basis, for the students who successfully complete the courses.

MoU:

Both the INSTITUTION and Ascentz Technologies value the spirit of this MoU and would strive to continuously develop its various features.
