

e-Content Development Centre - Features and Functions

- Three live view control views are provided: Movie Mode, Picture-in-Picture Mode, and Multi-Screen Mode
- Auto live view control realizes automatic switch of teacher image, student image, and multimedia image, which helps to meet the demand of daily teaching requirement
- ACC format audio encoding technology, up to 48 KHz audio input sampling rate, and internal sound mixing feature provide high audio quality
- Synchronously collect the teacher image, student image, and multimedia image via HDMI/VGA input
- Real-time encoding for all cameras with up to 1080p resolution
- Support setting different resolution, frame rate, and bitrate for three streams, including main stream, sub-stream, and third stream
- Support searching, playback, and downloading courses by keywords
- Support publishing courses to FTP server by pressing the publish button on front panel
- Support manual live view control, RTMP live view, playback course, and configure course plan in remote client or platform
- Support RTMP multimedia.

Hikvision Broadcasting Server DVR-Ds with image synchronization and internal sound mixing feature

Dr. N. RAMAN
