Competitions on Rainwater harvesting on 23.09.2021

Storing rainwater helps in recharging the aquifers. It helps in preventing urban flooding due to excess rain. Prevention of soil erosion and floods is one of the most important reasons why we should adopt rainwater harvesting. It saves millions of gallons of water from going down the drains.

To create awareness on Rainwater harvesting various competitions like Essay writing, Drawing and slogan writing was conducted to our college students on 23.09.2021. Students enthusiastically participated and exhibited their talents and the exhibits of the selected students were handed over to Tamilnadu Water Board in-charge with reference to the letter.

Competitions for KASC Students
Theme: "Awareness on Rain Water Harvesting"
21.09.2021 (1 pm) to 23.09.2021 (3 pm)

- Evaluation Criteria
- 1 Your content must be very decent and permissible
 - 2 Originality and self-creation is expected
 - 3 Judges Decision is Final
 - 4 Upload your document as PDF format
 - 5 Your Content Should be TAMIL

ECO CLUB

Orientation Program on 19.11.2021

. The goals of the orientation programs are to create student's familiarity with the institution's regulations and academic standards, acquaint the students with their classmates and to learn about the other institutional members that will help students succeed.

An orientation program was conducted to the newly selected volunteers of Eco club and they were given an idea about the importance and responsibilities of Eco club and to create an Eco-friendly environment in our college campus.

Orientation programmes are the best platform for the new students to get an overview of the club activities and to train our students regarding the future plans. For enhancing green initiatives, our KASC Eco club suggested the volunteers to plant at least one tree sapling in their living environment and also advised to join in. an Eco friendly organizations. 40 volunteers attended the program.

Awareness program on "International Pollution Day" on 02.12.2021

Students should play a key role in creating awareness among the masses on environmental issues such as global warming, pollution, soil conservation, increasing forest cover and organic farming. Public environmental awareness is a primary concern of the future of humanity. It is one of the most important indicators for representing national civilization.

Awareness program on "International Pollution Day" was given to the Club volunteers on 02.12.2021. Awareness was given on managing and controlling industrial disasters and to prevent the pollution produced by industrial processes or human negligence. To make people and industries aware about the importance of pollution control acts. Nearly 35 students got awareness on this day.

Workshop on Paper Bag Production on 09.03.2022

The use of paper bags will save the environment from pollution and it is biodegradable and recyclable. They are environmentally friendly and help to reduce plastic that takes a thousand years to decompose. This will make the planet healthier. Paper bags are made from a renewable natural resource, can be reused repeatedly and can be shipped to a paper mill and remade into new paper. In fact, it actually requires less energy for paper bags to be recycled than it does for plastic. Awareness about the importance of paper bags were given to the Eco-club volunteers and the production of paper bags was clearly demonstrated and the students were provided with the materials for making the paper bags. 40 Eco club volunteers practiced the production of Paper Bags interestingly on 09.03.2022.

"Mass Cleaning Campaign" on 03.06.2022

The Swachh Bharath Abhiyan is one of the most significant cleanliness campaigns by the Government of India. To inculcate the importance of this mission, our volunteers go in batch wise around the college campus (Open Auditorium, Outside of KASC Canteen and Amnity centre, All Road areas, Temple areas, etc) to make their environment clean and neat.

With reference to letter (letter no 8053/A1/2022 - 1 dated 01.06.2022) from the Directorate of Collegiate Education citing that, in commemorating the Birth Anniversary of the Former Chief Minister of Tamil Nadu Dr. Kalaignar M.Karunanithi on 03.06.2022 a "Mass Cleaning Campaign" was conducted in our College campus by Eco club. 35 Eco club volunteers actively participated in cleaning campaign on 03.06.2022.
