a. Optimal Utilization of Financial Resources

- The funds are used in accordance with the budgeted provision in the Budget proposal, expenditure statements and audited reports filed annually in accordance with the requirements of the Statutory Body.
- All financial grants are used exactly as directed, with the best interests of the stakeholders in mind.
- Salaries, research and other expenses are paid through the Recurring and Non-recurring Funds.
- The daily sundry expenses are met out of the petty cash provision.
- The fees collected from students are used in accordance with the institutional rules and regulations.
- For effective fund management, funds under all heads (except mandatory heads) are transferred to KVIT Trust every day with the minimum balance of Rs.1 lakh. The amount will be transferred back by the Trust as and when required.

b. Optimal Utilization of Physical Resources

- Mobilization and utilization of time is accomplished by allocating sufficient number of working days in each semester and then drafting a calendar of activities for both odd and even semesters.
- Time Table for students for utilization of classrooms, laboratories and other physical resources are prepared.
- Smart class rooms and various gadgets are used for delivering lectures.
- ICT enabled computer labs and various laboratories provide a time and space to develop the skills of the student.
- The seminar halls are also utilized for lectures.
- The library serves as an information hub and a gathering spot for key strategic discussions.
- Various events and sporting practices are held on the playground.
- Physical resources such as all furniture used for learning purpose, office equipment, electrical, electronic and security equipment are monitored and maintained by the Furniture in charge, Electrical in charge and Computer System in charge respectively.
